ONE ACCOUNTABLE CONTRACTOR FOR FACILITIES SUPPORT AND LOGISTICS

Bastion organizes and executes the whole requirement — sourcing, qualifying and directing the trade and carrier partners each job calls for — with one point of contact who prices the work and runs it.

- **Facilities support (NAICS 561210)** — maintenance, repair and janitorial scopes, managed by Bastion and delivered through qualified trade partners.
- **Logistics (NAICS 488510)** — freight brokerage: drayage, truckload, flatbed and heavy haul; warehousing, cross-dock and transload coordination at the Ports of Los Angeles and Long Beach. Licensed and bonded.
- **Job-site delivery coordination** — suppliers, haul and delivery windows lined up so material and equipment are on site when needed, with cost and schedule risk flagged before it becomes an overrun.

AWARDED AS PRIME IN 2026

Bastion won a service contract as prime with the **Riverside County Sheriff's Department**: maintenance, diagnostics, repair and parts support for material-handling and facility equipment at correctional facilities. Bastion has also submitted proposals as prime on federal and municipal requirements.
